

EDITOR'S ENCLOSURE

Dear HL'ites,

I express my heartfelt gratitude to the torchbearers of HLCAA for entrusting me with the mantle of EDITOR of our official communiqué "VOICE". I hope that our concerted effort to revamp the newsletter meets with your esteemed patronage.

In this issue, we take note of the breathtaking achievements of youth at HL and take a sneak peak at their prowess and potential to create a beautiful tomorrow with a special emphasis on their challenges and problems in our new editorial segment.

HL Luminaries continues its path breaking journey, demystifying the life and times of two of the finest professionals of our times.

We continue with our incessant pursuit of reaching out to our members through informative and innovative study circle meetings as well as socials and batch meets.

And, we have plenty in store to tickle your funny bone too.

Happy Reading!!!

HARDIK GUPTA
